

## The Lucania

**Years in service:** 1893-1910

**Funnels:** 2

**Masts:** 2

**Shipping Line:** Cunard

Built by Fairfield Shipbuilding & Engineering Co., Glasgow, Scotland.

**Ship Description:** Tonnage: 12,950. Dimensions: 600' x 65' (620' o.l.). Twin-screw, 22 knots. Triple expansion engines. Two masts and two funnels.

**History:** Passengers: 600 first, 400 second, 1,000 third. Maiden voyage: Liverpool-New York, September 2, 1893. Badly gutted by fire at her Liverpool dock, August 14, 1909. Despite the fact that her interior had been burned, she was able to make the shipbreakers yard by her own engines, and at a speed of 17 knots, remarkable for a vessel under such conditions. Broken up at Swansea during 1910. Sister ship: Campania.
