

Suzy Shoshan obituary (circulated to family by son David)

On January 25th, 2022 Suzy Julie Shoshan ,daughter of Ben and Jeanne(Roskin) Maidenburg, passed away surrounded by her loved ones.

From a young age Suzy had a passion for travel and adventure. In her early 20's she lived in Sweden, Italy, and then Israel where she met her husband of 50 years Rafi. From Israel they moved back to the states and lived in Akron, Ohio where they welcomed their three sons Gaby, David, and Nathaniel. Around 12 years later they moved to Coral Springs, FL where she lived until her passing.

Suzy had a knack to make people feel accepted and loved no matter who they were. Her passion for baking cookies, challah, and more was enjoyed by friends, family, and her loving grandsons Rhys, Felice, and Hanan. Her love for her newest grandson Harrison reached no bounds and was apparent while holding him or showing his picture to a friend. While she never had any daughters she loved her daughter-in-laws Lisa, Geneva, and Tracy treating them like her own.

Her family in Israel, Holland, France, and the United states meant the world to her. She loved to spend time with them and reminisce about the good ole days.

The impact of her warmth was shared with her "adopted" grandchildren who will miss her cookies, conversations, and love.

God has received an angel who will always be in our hearts and minds forever.

Rest In Peace.
